Mexico City Metropolitan Area | +52 55 3039 2163 | axelcruzmachado@gmail.com | [linkedin.com/in/axeldanielcruzmachado](https://www.linkedin.com/in/axeldanielcruzmachado)

EXECUTIVE PROFILE

Senior project and program manager and Interactive Technologies Engineer with 10+ years of experience leading digital platforms, creative/content operations, learning systems, and cross-functional delivery. Translates business needs into scope, plans, resources, workflows, production, QA, launch, reporting, and continuous improvement. Leads multidisciplinary teams, vendors, and stakeholders across content, technology, operations, and AI-assisted workflows, with accountable ownership of timelines, risks, quality, and outcomes.

SELECTED IMPACT

15+ PROGRAMS Concurrent client programs across creative, platform, learning, and digital delivery.	25 SPECIALISTS Cross-functional specialists led across creative, technical, instructional, software, and QA.
7,000+ USERS Enterprise LMS ecosystems operated across Hino and Edenred.	180 ASSETS Kia content and enablement assets coordinated across static, animation, video, and product formats.
14 DAYS Two business-critical LMS environments restored under severe operational pressure.	3 → 50+ AGENTS HSBC sales operation scaled through onboarding, training, coaching, and performance routines.

CAPABILITIES

PROJECT & PROGRAM DELIVERY: Requirements, scope, schedules, resources, budgets, vendors, dependencies, risks, UAT, QA, stakeholder reporting
CREATIVE & CONTENT OPERATIONS: Multimedia production, content workflows, review/approval cycles, versioning, high-volume delivery, Adobe Creative Cloud

DIGITAL PLATFORMS & AI: LMS operations, implementations, AWS, REST APIs, SCORM/xAPI, reporting, AI-assisted research, documentation, and workflow acceleration

PROFESSIONAL EXPERIENCE

Head of Coordination & Quality | Top of Mind Communication | Feb 2025 - Present

- Lead up to 25 specialists while coordinating 15+ concurrent client programs across creative production, digital platforms, learning technology, software, and QA.
- Own end-to-end delivery from requirements, scope, planning, resources, schedules, budgets, vendors, risks, review, UAT/QA, stakeholder approval, launch, and improvement.
- Coordinate multimedia and digital delivery across video, animation, audio, podcasts, interactive content, enterprise communications, and learning experiences for clients including Kia, KPMG, Mazda, Costco, Hino, Edenred, and Teojama.
- Apply AI-assisted workflows to research, ideation, content development, documentation, and process acceleration while maintaining human review and quality control.

Digital Project Coordinator - Enterprise Platforms & Content | Top of Mind Communication | Feb 2024 - Jan 2025

- Operated LMS ecosystems serving 7,000+ users across Hino and Edenred, including access, permissions, courses, scores, completion, reporting, support, and platform operations.
- Coordinated 60+ WBT productions and 180 Kia content/enablement assets, connecting client stakeholders, instructional teams, creative specialists, and developers through review, QA, revisions, and delivery.
- Helped restore two business-critical LMS environments within 14 days by prioritizing issues, coordinating technical/content teams, testing fixes, and managing stakeholder expectations.

HR Manager - Training, Operations & Performance | TOCA Contact Center | Jan 2023 - Feb 2024

- Helped scale an HSBC credit-card sales operation from 3 to 50+ agents in under six months through recruiting, onboarding, training, coaching, quality routines, and performance management.
- Used daily, weekly, and monthly sales-floor data to target interventions and helped the operation reach the #1 national sales-performance position while improving staff retention.

Founder & Digital Solutions Lead | Fentec Apps & Web | Mar 2015 - Feb 2024 | Part-time 2023 - 2024

- Led digital projects from discovery and requirements through planning, platform development, content coordination, testing, deployment, support, and long-term evolution.
- Delivered and operated Hino (2,000+ users) and Edenred (5,000+ users) LMS environments; coordinated technical, creative, instructional, and client stakeholders across web platforms, APIs, databases, AWS, and digital content.
- Managed vendors, project budgets, platform requirements, UAT, operational issues, and stakeholder expectations while developing practical fluency across REST APIs, SCORM/xAPI, databases, GitHub, and software-development workflows.
